### Written Testimony

To: Budget Committee Chair Ann H. Kobayashi & Committee Members Date: May 10, 2016 Re: Bill 14, CD1 - \$500,000 for surveys to identify historic properties and cultural landmarks within a one-half mile radius around transit stations I support the \$500,000 appropriation in Bill 14, CD1 for surveys to identify historic properties and cultural landmarks within a one-half mile radius around transit stations. Since the rail project is already up and running, and historic resources have already been lost, it is imperative that remaining resources are taken into consideration in the TOD planning process. Beautiful new structures are good and important, but historic buildings tell the stories of the community that came before. These are stories that should not be lost in the name of progress. Thank you for the opportunity to testify in favor of this appropriation in Bill 15, CD1. Joy Davidson 914 12th Ave Honolulu, HI 96816 (808) 542-2505
